Bast Charges Sustained By Church Jury

Bishop Suspended But Permitted to Remain as Member, Minister

By I. I. FEMRITE

United Press Staff Correspondent KANSAS CITY, Mo., May 17.—A jury of 17 ministers of the Methodist Episcopal conference today reported that it had sustained all the charges against Bishop Anton East, of Copenhagen.

The bishop was suspended permanently, but was permitted to remain as a member and minister of the church.

Bishop Francis J. McConnell, of the Pittsburgh area, president of the trial committee, announced the opening of the morning business session of the conference that the trial had been concluded. He called upon Dr. Harry W. Burpee, secretary of the committee, to read the formal verdict.

Although the nature of the charges was not revealed, the secretary reported that all had been sustained. There was plainly an unsatisfactory feeling among the delegates over failure of the conference to reach the desired result.

The verdict of the trial committee was:

While Bishop East remains in the membership and ministry of the church, the committee suspends him permanently from exercising the functions of the office of a bishop of the church.

The committee recommends him to the favorable consideration of the conference on Episcopacy in respect to provision for his support until the next session of the annual conference.

The verdict was signed by Bishop McConnell and the secretary.

BANK RATE RAISED TO 4-1-2 PER CENT

NEW YORK, May 17.—The New York federal reserve bank rate was raised to 4 1/2 per cent after the close of the market here today. The previous rate of 4 per cent had been in effect since February 2, when it was raised from 3 1/2 per cent, the rate established on August 3, 1927.

Vare Alliance With Bourbons Group Charged

Claim Contained in Telegram to Committee From Delegate

By PAUL E. MALLON

United Press Staff Correspondent WASHINGTON, May 17.—A charge that an alliance had been formed between the Vare Republican organization, in Philadelphia, and Democrats there were made in a telegram received today by the senate campaign investigation committee from Louis G. Cassidy, Houston convention delegate.

The telegram was read into the record by Chairman Steiwer. It stated that the alliance was a "national scandal."

Sedgwick Kistler, Philadelphia tanner and candidate for national committeeman in Pennsylvania, who was on the stand at the time, said he knew nothing of such a charge and did not know Cassidy.

No Bank Organization. Oscar Wilt, cashier of the Empire National Bank, Clarkburg, W. Va., testified he neither had initiated nor participated in any move to head the bankers of West Virginia together to finance the Hoover campaign against Senator George E. Borah.

The committee, however, adjourned until tomorrow when it will hear the following witnesses: Harry O. Woodard, West Virginia, Hoover supporter; Thaddeus Brown, Ohio Hoover leader; William Sutton, Indiana publicity man for the Hoover organization; M. Bart Thurman, manager for Senator Watson, Indiana, and Asch Bobbitt, Watson's treasurer.

Move To Throw Quaker State To Hoover Told

WASHINGTON, May 17.—A movement in Pacific coast states to throw the Pennsylvania delegation behind Secretary of Commerce Hoover at the outset of the Kansas City convention by having Senator David Reed, of Pennsylvania, Mellon's lieutenant, place Hoover's name in nomination, was reported today by Representative Johnson, Republican, Washington, on his return.

ESTATE TAX FIGHT DELAYED IN SENATE

WASHINGTON, May 17.—The Blingham amendment to the tax reduction bill, proposing repeal of the estate tax, was temporarily laid aside in the senate today and other pending amendments considered in its place.

Chairman Smoot, of the finance committee, secured unanimous consent agreement to change the order of business to give Senator Blingham, Republican, Connecticut, absent from the city, an opportunity to speak on his amendment.

Noble Starts Return Trip To Kings Bay

KINGS BAY, SWITZERGEN, May 17.—The polar dirigible "Italia" at noon today was southeast of Franz Josef Land and headed direct for Kings Bay on her homeward way. Sen. Umberto Nobile, her commander, radioed.

"I expect to arrive this evening if our present speed is maintained," Nobile added.

The "Italia" took off here at 2 p. m. Tuesday, on her second flight, over the polar regions, will have made a flight of nearly two and a half days. Nobile said that in flying over the little island yesterday he had encountered a snowstorm.

EPISCOPALIAN BISHOP OF L. A. DIOCESE DEAD

Rt. Rev. Joseph H. Johnson, 81, Succumbs After Long Illness

PARADISE, Cal., May 17.—The Rt. Rev. Joseph Horatio Johnson, 81, for 32 years bishop of the Episcopal church in the Los Angeles diocese, died in his home here late yesterday.

His death was due directly to pneumonia, contracted last week. Bishop Johnson had been ill in health for more than a year.

Funeral services will be held Saturday in St. Paul's cathedral, in Los Angeles, and interment will be in San Gabriel.

The churchman was born in Schenectady, N. Y., in 1847. He was a graduate of Williams college and the General Theological seminary, of New York.

He was consecrated as bishop of the Los Angeles diocese in 1896 and had been in continuous service in that position since that time.

Bishop Johnson was especially interested in the erection of humanitarian institutions. The Hospital of the Good Samaritan, the Harvard School for Boys and the Bishop's School for Girls, in La Jolla, were built under his leadership.

Bishop Johnson served for years as vice president of the board of trustees of Pomona college.

NEW YORKER WINS PYLE 'DERBY' LAP

Runway Will Be Ready For Start, Belief

Start Final Tuning of Ship In Preparation for Endurance Grind

THE ALBATROSS, declared by Col. Charles Lindbergh to be his ideal of an airship, will hop off at 8 o'clock Saturday morning on its attempt to beat the world's record for sustained flight, if present plans do not miscarry.

Starting Price, president of the Zenith Aircraft corporation, today informed George Raymer, secretary of the Chamber of Commerce, today.

According to Price there is only one possibility for failure of the flight starting Saturday morning, and that possibility lies in the capabilities of getting the mile-and-a-half runway at the Orange county airport in readiness by that time.

The board of supervisors some days ago promised to prepare the runway and completion of the agreement was left to Supervisor George Joffrey. It was revealed today by Raymer, Jeffrey, it is believed, will have his part of the program executed in time to make it possible for the big ship to attempt the record flight.

Albin K. Peterson, pilot, and Price were scheduled to fly the monoplane to the Martin airport and the county airport this afternoon for the purpose of tuning up the motors and acquainting themselves with the lay of the ground.

It will be an easy matter for the plane to get off either field with its light load, but it will be different when 1310 gallons of gasoline are stored away for the grind that must last more than 54 hours if

BOY FEARED BURIED IN SAND MOUNTAIN

CHICAGO, May 17.—A ten thousand ton mountain of sand covering half a city block, was being removed today in a fight against John Fyrek, 8, believed to be buried somewhere in the huge pile.

Throughout the night, working under the beams of flood lights, laborers and volunteers dug in the sand mountain for traces of the small boy's body, but the search was fruitless.

Two playmates of the boy, who has been missing since Monday, told the story of their chum's burial in the sand pit. Bruno Bogdona, 9, and Fred Turcunowicz, 6, said they withheld for two days because they feared punishment from their parents, who had warned them against playing in the sand.

MENJOUS START ON LONDON HONEYMOON

Actress Falls Off Balcony; Seriously Hurt

HOLLYWOOD, Calif., May 17.—Faith Gardo, 20, motion picture actress, was reported in a serious condition in the General hospital here today with a fractured skull.

The injury was received when she fell over a balcony during a party at the home of John G. Darrah, wealthy oil operator.

Darrah, according to deputy sheriffs, admitted "entertaining a few guests," but denied there had been any heavy drinking at the party.

He said the girl fell over a balcony rail as she was emerging from the dressing room on the mezzanine floor of his home.

ARGENTINIAN SLAYS DANCER AND THEN SELF

Flaming Latin Love Affair Ends in New York Murder, Suicide

NEW YORK, May 17.—Twelve hours after he had murdered Maria Montero, beautiful and accomplished Spanish dancer, Horacio Colon-bros, son of a wealthy Argentine family, died of a self-inflicted temple wound today in the prison hospital on Welfare Island.

Behind the murder and suicide lay a trail of Latin love and triumph starting in old Seville and leading to the music halls of Madrid, Paris, London and finally to Broadway.

Senorita Montero had been applauded by King Alfonso, of Spain. She had been acclaimed by audiences in the world's greatest capitals of art. She had been pursued by many lovers during her brilliant career, but none was so insistent as the impetuous Argentine.

Love Finally Spurned. Colombros shot Senorita Montero through the heart in her studio apartment after she had spurned his love upon learning that he had a wife and family in Paris.

The dancer died wearing the gay Spanish shawl which the king of Spain had given her.

The Argentinian then set a bullet through his own heart.

Mikado Authorizes Immediate Dispatch of Additional Men to Tientsin

(United Press Staff Correspondent) (Copyright, 1928, by United Press)

TOKIO, May 17.—Japan today drew across the Chinese map a line over which she is determined that the Nationalists, if their drive northward for supreme power, must not pass.

The decision—the most important in recent Chinese history—means that while the Nationalists continue their present triumphant advance and form a central Chinese government by taking Peking, Manchuria will remain a buffer state between China and Siberia.

Japan's decision was announced to the United Press in an exclusive interview by the vice minister of war.

Troops Held Ready. "Japan will not tolerate warlike in Manchuria," he said. "We are prepared to send any troops necessary to preserve peace."

"We are allowed by treaty to maintain 15,000 troops in Manchuria to guard the South Manchuria railway route. This number will be increased by as many troops as are necessary throughout Manchuria to preserve peace."

The vice minister intimated that if necessary, Japanese contingents might be stationed at Shan Hai Kwan.

Coincident with this announcement, Emperor Hirohito authorized the immediate dispatch of an infantry regiment, an artillery battalion and an air squadron to Tientsin, which Nationalist troops are approaching on their offensive toward Peking.

Bristol To Tientsin. Adm. Mark Bristol, commander of the U. S. Asiatic squadron, left Moji, Japan, today aboard the destroyer Pillsbury for Tientsin.

Brig. Gen. Smedley Butler, commanding U. S. marines in China, went to Tientsin earlier in the week.

GOVERNOR WILL DELIVER THREE SPEECHES HERE

(Continued from Page 1)

The speakers, with the exception of Governor Young, will be Orange county residents, well known and well versed on the subjects on which they will speak. At the luncheon clubs in the city are co-operating with the register in making the week a success. Practically all the clubs will give over their meetings to programs adapted to the spirit of the week and speakers will talk on subjects aimed to inform the people of the advancement of Orange county.

Tickets for the Friday meeting, at which Governor Young will speak, are on sale at the Inn and The Register office for \$1.25 each.

The number is limited and already 50 per cent of the available places have been spoken for.

Inter-Club Meetings

Various luncheon clubs during the week will invite the presidents and secretaries of all other luncheon clubs each day. On each day the club sponsoring the meeting also will invite the president and secretary of the same club in every town in Orange county. Individual members also have been urged to invite guests they believe will be interested in the program to be presented that day.

Following is the program for the week, with the names of the speakers and subjects they will discuss:

Monday, May 21—Business and Professional Women's club. Speaker, S. C. Hartman, Fullerton, former assemblyman, citrus grower and former school teacher. Subject, "Institutions and Cultural Advantages of Orange County."

Tuesday, May 22—Rotary club. Speaker, Freeman H. Woodgood, deputy state real estate commissioner, formerly a realtor in Santa Ana. Subject, "Natural Advantages of Orange County."

Wednesday, May 23—Kiwanis club. Speaker, George A. Raymer, secretary of the Santa Ana Chamber of Commerce and Construction of Orange County. Subject, "Industries and Construction of Orange County."

Thursday, May 24—Lions club. Speaker, Joseph A. Beck, Dulben, secretary of the state senate, and Newport harbor-master. Subject, "Coast Line of Orange County."

Friday, May 25—All clubs. Speaker, Gov. C. G. Young. Subject, "Citizenship."

On Friday Governor Young will be introduced by Clyde C. Downing, president of the chamber of commerce and president of the Knights of the Round Table.

Night Air Mails Delayed By Lack Of L. A. Airports

LOS ANGELES, May 17.—Lack of municipal airports in Los Angeles is seriously delaying the delivery of night air mail, according to a telegram from W. I. Grover, second assistant postmaster general, to President William Bonelli, of the city council.

"The backward attitude of the city and the failure to equip a field for night landing is seriously affecting the delivery of mail and is jeopardizing the lives of mail pilots," the message said.

A bond issue for the purchase and equipment of three airports was defeated decisively at the special election May 1.

SPRECKELS IS NAMED BY GIRL AS 'COMPANION'

(Continued From Page 1)

Hertha "Babe" Katha Murray and her detention in the psychopathic ward here, she testified today.

She asserted during the course of her sanity hearing before Superior Judge Gould that Spreckels caused her arrest because he was afraid she might disclose evidence which would cause his prosecution on Mann act charges.

Mrs. Murray was taken into custody Tuesday on a charge of chronic alcoholism. Later she was removed to the psychopathic ward and ordered held for a sanity hearing.

Directly Accuses Spreckels

During her incarceration, she stated that it was "the wife of a noted millionaire" who caused her arrest but she directly accused Spreckels today.

Mrs. Murray described a trip from San Diego to New York with the millionaire and then plunged into her arrest.

"The first time I had any warning of this affair was Monday night," she said. "The telephone operator at the hotel told me two detectives were watching me and tapped the wires to my room."

"The next day two officers stopped me and asked me where I was going. Before I could answer I was on my way to the police station."

"I was in the station for two hours before someone said something about Mann act charges. Police questioned me about several phone calls I made."

Phoned Spreckels' Manager

"One was to my mother in San Francisco, another was to Sidney Meyer, in New York, and a third was to Jess Stanley, Mr. Spreckels' manager in San Diego."

"I told them all about the trip I took with Mr. Spreckels to New York."

Judge Gould ordered a short recess after Mrs. Murray, her mother, Mrs. Katha, and a psychiatrist had testified. The court declared the acute alcoholism hearings were supposed to be confined to persons so far gone in the grip of alcohol as to be unable to care for themselves.

Mrs. Elizabeth Katha, of San Francisco, arrived here last night to be with Miss Katha. Mrs. Katha substantiated her daughter's strange tale of love with the millionaire and it was believed the subject might be brought up at today's hearing.

May Seek Redress

Mrs. Katha said she would consult attorneys and, perhaps, seek redress for her daughter's "unfair incarceration."

She declared she knew about her daughter's episode with the wealthy Californian. She was disturbed at first, but she was pacified by the man's promise to marry her daughter "as soon as he got his divorce," she said.

Mrs. Katha confirmed her daughter's story of visits to San Diego, Catalina Island and San Francisco with the millionaire.

Several times Mrs. Katha accompanied her daughter and the millionaire on various pleasure jaunts. Once, she said, she visited with them in San Diego. On another occasion the group went to Catalina, on the millionaire's private yacht.

During all these meetings the man showed the utmost consideration of her daughter, she declared.

Mrs. Katha, however, intimated that the millionaire might have been charged and explained his present absence in that manner.

some cases have reproduced his publicity in their editorial columns without credit to the utilities.

Almost whether he had over-estimated prominent Carolinians to "father" articles prepared by him, Boney replied that he had, but explained that in each case the articles were submitted to those concerned for correction.

"Where I knew the sentiments of a person whom we wished to have sponsor an article," Boney said, "I wrote and sent to him an article without a prior interview. We then distributed this matter with his consent, under his signature."

Transmitting its third report of progress to the senate, the federal trade commission disclosed today that it is nearly ready to delve into the financial phases of its utilities investigation.

Comprehensive questionnaires, asking utilities to report all political contributions, details of financial structure, methods of raising securities, details of holding company control and inter-company relationships will be sent out shortly, the commission said.

Replies to the first questionnaire, which sought information regarding the magnitude of interstate and power group business in the electric and gas industries are being analyzed. About 4800 utilities have answered the first questionnaire.

The love affair during the months the couple occupied the same Manhattan apartment was admired as ideal by the students who took lessons from the senorita. These students did not know of the impassioned scenes, born of Latin temperament, which occurred when they were not there.

Those details were supplied by other associates of Senorita Montero, who told police today the couple had quarreled at almost every meeting recently.

Last night, just as the senorita was finishing her day's lessons, Colombres came into the apartment. She was in another room. He joined her there. Mina Macedo and Estelle Montalvo heard them quarrelling. Then there were pistol shots.

Senorita Montero spoke through the door into the study, screaming and fell, dying.

"I shot her because I love her. I always did and I always will," Colombres murmured as police lifted him onto a stretcher.

Hoover Unopposed In Oregon Primary

By GEORGE D. CRISSEY
United Press Staff Correspondent
PORTLAND, Ore., May 17.—A walkway for the lone Republican will be offset tomorrow by a merry battle in Democratic ranks as Oregon voters go to the polls to express preference for party candidates in the state primary election.

Herbert Hoover is the only Republican seeking presidential honors who is on the Oregon ballot. He was practically assured of the 18 delegates as the only manner in which another name can now get on the ballot is for voters to write it in.

Democrats in Battle

Four Democrats are fighting it out for the 18 delegates who will go to the national convention at Houston. Of these there are three noteworthy candidates. The fourth, the Rev. Alfonso Workman of Missouri, is receiving little consideration.

Gov. Alfred E. Smith, of New York, appeared to be the favorite. He is opposed by Senator James A. Reed, of Missouri, and Senator Thomas J. Walsh, of Montana, with the dry Democrats backing the latter. A split delegation among these three was in prospect, although Walsh's recent withdrawal left the situation muddled.

Hoover Sweep Certainty

That Hoover would sweep the state without opposition was considered a certainty by his supporters which includes the Republican organization. He also has much popular strength and is classed as a "native son" because he was raised at Newberg, a Quaker settlement in the Willamette valley, and attended school there and at Salem.

Democrats, however, waged a

varied campaign with supporters of Governor Smith, led by Judge W. M. King, Democratic national committeeman, being opposed by Oswald West, former governor and national committeeman-elect, and other dry champions of democracy.

General Local Contests

Nomination for local offices also will claim the attention of voters tomorrow. In the third congressional district, including Portland, Franklin P. Korrel, Oregon's baby congressman, is seeking renomin-

ation. He is opposed in his own party, but the candidacy of W. C. Culbreth, Democrat, also was expected in his own party, promised a contest at the general election.

Korrel has not yet served a full term, having been elected at a special election after Maurice Gram-packer committed suicide, leaving the position vacant.

TWO MEETINGS ON BOND ISSUE BEING PLANNED

Activity in behalf of the Santa Ana school bond campaign was manifested today with the issuance of two separate calls for meetings to discuss the proposed bond issue, and to provide ways and means for carrying on the campaign. The proposition, calling for a total of \$1,275,000 is to be voted on June 5, next.

The first call was issued by O. H. Barr, prominent lumber dealer and civic leader, chairman of the general campaign committee, for a meeting of the personnel of this committee, to be held tomorrow (Friday) afternoon at 4 o'clock at the board of education offices. This committee is made up of Mrs. Fay R. Spangler, president of the Santa Ana City Council of P.-T. A.; Mrs. Laura Murray, past president of the Business and Professional Women's club; Mrs. E. B. Sprague, local club woman; Herbert Rankin, a local merchant; Mrs. C. W. Brooks of Balboa; Roy Davis of Costa Mesa; Charles Van Wyk, commander of the Santa Ana American Legion post; Ridley Smith, vice president of the Junior Chamber of Commerce; and Alan Broward, past president of the board of education, and cashier of the Farmers' and Merchants' Savings bank.

The other call was issued by Mrs. Spangler to the entire membership of the Santa Ana City Council of Parent-Teacher associations, for a special meeting to be held Monday evening, May 21, at 7:30 o'clock at the Santa Ana high school auditorium. This meeting, which is open to every member of the various Parent-Teacher associations in the city, and citizens interested in education, has been called for the purpose of discussing the various phases of the bond proposition, including its educational, economic and social features. The meeting will be addressed by Mrs. O. H. Barr, chairman of the general campaign committee; City Superintendent J. A. Cranston, and the principals of the various schools in the system.

JUDGE ORDERS DEFENDANT BE GIVEN FREEDOM

D. G. Wettlin, attorney for Alfred Rennie, of Cypress, charged with failure to stop and render aid, won a decision for his client in superior court yesterday without placing a witness on the stand.

Also a new jury in Superior Judge Homer G. Ames' court learned its first lesson in legal procedure, though the experience was a lengthy one attended by plenty of worry and discussion.

Wettlin moved for an instructed verdict of not guilty after Chief Deputy District Attorney L. W. Blodgett had concluded the case for the state. After listening to Wettlin's analysis of the situation, the court ordered the jury to retire and bring back a not guilty decision. Though the duty of the new panel appeared to be simple, it was over an hour before it succeeded in reaching the goal. In the meantime it had called for a copy of the motor vehicle act and had returned cases for more instructions. Then the court gave in highly explicit terms and it then took the jury three minutes to reach the goal.

The charges against Rennie arose from an accident on April 1 on the Hansen road, when Jesus Caldera, of Cypress, was rendered unconscious. Therefore, Wettlin contended, Rennie could not have given the man his own name and address. Others already had given Caldera the aid he needed, Wettlin pointed out, and therefore he could not be prosecuted for failure to do something already accomplished.

Court Notes

Madeira C. Ball had started today to secure a divorce from William A. Ball, in superior court. They were married in Santa Ana in 1928 and separated in Los Angeles in 1929, according to the complaint, which specified desertion as the basis of the action.

A \$3000 estate was left by Rose P. Sheldon, who died in Santa Ana May 12, according to a petition for probating the will, which was filed today. Carrie E. Stevens was named executrix by the will, which named her and Margaret M. Sheldon Van Meter of Santa Ana as heirs.

Following the dismissal of one divorce action against Maryva V. Ridgwood, Mrs. Vella V. Ridgwood today launched another one in which she declared that her husband was arrested in Santa Monica May 9, for issuing bad checks. He told newspaper men, she said, that he had committed the crime in order to get funds to support his family. In fact, however, he had not tried to do so for many months, she stated. The first case was dismissed in the hope that peace could be established again in the family, it was reported, but the attempt is said to have met

IRVINE SUIT ON ANNEXING UP TOMORROW

The attempt of the Irvine company to prevent the holding of an annexation election in Costa Mesa, May 18, is scheduled for a hearing at 3 p.m. tomorrow before Superior Judge Homer G. Ames.

The court has ordered the city council of Santa Ana, which ordered the election, to appear and certify its proceedings in the matter. The Irvine company is seeking a writ of review, alleging that the petition on which the council's action was based, was not sufficient and that part of the territory cannot be joined to this city legally because it is uninhabited.

A demurrer has been filed by City Attorney Charles D. Swann, contending that the complaint does not show a valid cause why the election should not be held.

ATTORNEY FOR RADIUM FIRM EXPLAINS ACTS

(Editor's note: Following is the text of the copies of United Press dispatches dealing with the unusual New Jersey case in which five factory women, dying from radium poisoning, are suing for \$1,000,000 damages.)

ORANGE, N. J., May 17.—E. A. Markley, attorney for the United States Radium corporation, protested today against the implication that his client is responsible for the legal delays in the case of five former women employees who are dying of radium poisoning.

A year ago this month the women filed a joint suit seeking \$250,000 each from the radium corporation to ease the last days of their lives.

Doctors had told them that the radium which they had taken into their bodies while painting watch dials soon would prove fatal.

After the filing of the original suit a year ago counsel for the radium corporation moved that it be thrown out of court on the grounds that New Jersey's two year statute of limitations had expired.

The radium poisoning which results in a slow and painful death was contracted between 1917 and 1920 but was not diagnosed until 1927.

On the ground that his clients did not know until seven years later that they were doomed to die, Raymond Berry, their attorney, asked the court of chancery for an order restraining the company from defending itself with the statute of limitations.

The bill for an injunction was filed July 19, 1927. Hearing was set for January 15, 1928. On that date postponement was taken until April 3 because of the inability of several defense witnesses to appear. Next came an adjournment until April 26 for the same reason.

On the late date all evidence for the five women was presented. Physicians testified that medical science knew no cure for their malady. Counsel for the company then asked for time to prepare an answer.

The chancery court docket, crowded with other cases, showed that the nearest open date for another hearing was September 24—five months later.

Markley, the company attorney, said the delays were the natural result of the present court system.

ROSE FESTIVAL BEING PLANNED BY M. E. CHURCH

A Sunday Rose Festival is being instituted by the local organization of the American Rose society and will be held at the First Methodist church next Sunday evening.

The devotional rose service is a denominational in character and has been prepared by the Rev. Edmund M. Mills, D.D., Litt. D., a distinguished American clergyman. The service itself includes the usual devotional opening with the use of appropriate hymns and music.

F. W. Slabaugh will sing "Mighty Lak a Rose" and Miss Hazel Smith will sing "The Last Rose of Summer," also suitable music by the church school orchestra.

There will be a generous supply of beautiful roses contributed by the members of the local rose society also Amling brothers, well known florists of Southern California and members of the National American Rose society, The garden section of the Ebell club

will also contribute and arrange the display of roses. In place of the regular sermon, Dr. E. M. Mills will give his popular and interesting lecture on "Some Meditations in My Rose Garden." A service similar in character to this was given in Los Angeles two weeks ago with 3000 people present.

The roses contributed for display at this service will be taken to the hospitals and other similar institutions. The service will begin at 7:30 o'clock.

COMPLAINT AGAINST ATTORNEY DROPPED

ORANGE, May 17.—The complaint against H. P. DeLongy, Orange attorney, charged with fighting and disturbing the peace, was dismissed in the court of City Recorder Ingle yesterday on the ground that the city ordinance on which the complaint was drawn was faulty in that it concerns an offense already covered by a state statute.

DeLongy was represented by A. E. Koepsel, City Attorney H. L. Dearing represented the prosecution.

Schumite wall board improves with age—grows harder—more durable every day—comes in convenient sizes, 48 inches wide and in all foot lengths from 5 to 12 feet.

STABILITY

inside and out

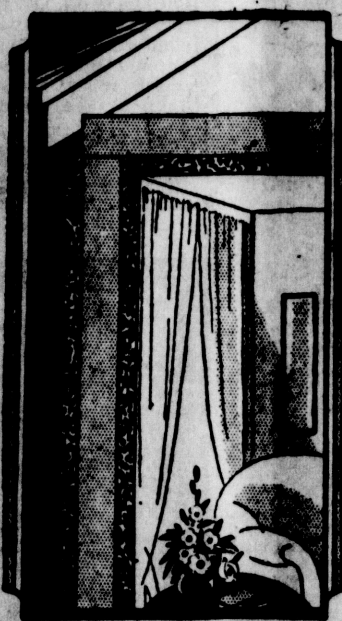

THE home you build should last for generations... the keystone of its construction should be stability... only durable lasting materials should go into it.

Skilled engineers with years of experience in building homes have made it possible for you to use "Schumite"... a durable fire-proof plaster wall board that can be sawed or cut like wood without danger of breakage... you have a complete smooth surfaced wall... can be used without battens, makes an ideal sur-

face for painting, tinting, papering, or any other form of finish... beautiful and artistic effects can be obtained.

Consider the insulating qualities of "Schumite"... your home will be cooler in summer and warmer in winter... each and every room remarkably free from noise because the core of "Schumite" is of everlasting gypsum... a most effective non-conductor of heat and cold.

Plan to use Schumite in your next construction... your lumber dealer sells it.

"Schumite" plaster wall board thoroughly insulates any type of building, of any size,—is sanitary, heat and cold resistant, waterproof and not affected by climatic conditions.

CONVERTED JEW TO SPEAK AT CHURCH

The Winrod lectures that are being conducted this week at The Alliance Chapel, Cypress and Bishop streets, by Gerald B. Winrod of Wichita, Kans., are drawing large crowds.

There will be a special service at the same place Friday afternoon, May 18, at 3 o'clock and the speaker will be Evangelist Philip Sidersky of Los Angeles, formerly of Vilna, Russia, and his subject will be "Christ and the Passover."

Evangelist Sidersky will give a realistic demonstration of the Passover Service exactly as the Jewish people have been observing it for hundreds of years and as they are still observing it all over the world, with interpretations in relation to Christ.

He will have on the pulpit a spread table with unleavened bread, bitter herbs and all the other things that go with the Passover service, and he will explain their different meanings.

FARM CENTER WILL OPPOSE SPUR SIDING

No fertilizer spur will be located on the Santa Fe tracks near Olive, according to the vote of the Villa Park-Olive Farm Center last night, it was reported today by A. M. Stanley, secretary of the farm bureau.

After a thorough discussion of the matter by a large representative group the farmers heroically voted to penalize the spur approximately 50c a ton on their fertilizer costs, rather than inflict what might be termed a nuisance on any of their neighbors, Stanley stated. The motion to lay the whole matter on the table was interpreted as a request that no fertilizer spur be contemplated in that community, even though the lack of this facility might add to their expenses.

"Oh, well, competition among fertilizer dealers may prevent the extra charge," one farmer laughingly explained, and otherwise the charge will be buried in the general cost so we won't recognize it."

The health department will not hold the decision reached last night as precedent, Stanley declared. Every case having different factors, each case would be regarded as an individual one.

ASKS INJUNCTION AGAINST PARTNER

Floyd A. Hoag, of Fullerton, asked the Superior court today to grant an injunction ordering his partner in the nursery business, M. A. Maxwell, to stop interfering with him when he tries to coax the sprouts and buds into marketable condition.

Just when the young avocado trees were beginning to look prosperous, he asserted, Maxwell stepped in and padlocked the gate to the nursery. Hoag, in return for tending the stock, was to receive half the profits, he declared.

He thinks there is something significant in the fact that he had between 150 and 200 trees ready for market at from three to five dollars apiece when Maxwell is asserted to have locked him out of the place. Two hundred more will be ready to yield a crop of dollars in 20 days, he claimed.

Furthermore he has a hunch that Maxwell is insolvent. The latter has been attempting to care for the venture, Hoag said, but pointed out that he is ruining the profits which might be extracted from the business.

Work Of Safety Group Approved

NEWPORT BEACH, May 17.—Work of the safety committee of the local grammar school have been so successful during the past few months that the system has been definitely established here to keep order and maintain safety on the playgrounds and in school.

Miss Margaret Hoefner, chairman of the safety committee, has appointed Bernice Truax, Carl Curtis, Darrell Sablin and Harry Robinson for hall duty in the school; Wilford McDonald to maintain order in the eighth grade lines; Harry Robinson for the seventh grade lines; and Mary Helen Crozier and Frances Gordon to be on duty among the younger children.

Placentia Hears Air Mail Speech

PLACENTIA, May 17.—Members and guests of the chamber of commerce heard E. J. Fluke, traveling traffic representative of the Western Air Express, at their luncheon meeting Tuesday. He was introduced by Postmaster Abbott.

Fluke pointed out that air express service began 15 years ago when a plane began carrying material between Washington and New York. The Western Air Express is only three years old yet it originates 40 per cent of the material carried by air in the United States, he said. Not a piece of material nor a passenger has been lost in its service, Fluke said.

The guests of the day were Frank Warton, of Orange, introduced by his son, Harry O. Warton, and Fred Nannestad, of Minneapolis, presented by Charles E. Leo.

L. O. Culp, vice principal of the Fullerton union high school, made a short address on the employment agency maintained by the school for graduates and others.

Frank Eckhart, 70, Passes In Orange

ORANGE, May 17.—Frank Eckhart, 70, died at his home at 143 South Cambridge street yesterday. Mr. Eckhart had been a resident of California for the past 14 years, coming to this state from Humboldt, Kans.

He is survived by his widow, Mrs. Ida Eckhart; one son, Lee Eckhart, of Woodlake; four daughters, Mrs. Frank Lipcombe and Mrs. Ione D. Beck of Huntington Beach; Mrs. J. G. Gibson, of Orange, and Mrs. E. W. Thompson, of Woodlake.

The funeral will be held from the C. W. Coffey funeral parlors on the arrival of relatives.

HUNTINGTON BEACH

HUNTINGTON BEACH, May 17.—The P. E. O. met with Mrs. Robert J. Marker yesterday. A report of the state convention held in Pasadena was given by Mrs. Zella Thompson, of Santa Ana. Mrs. Harvey Young and Mrs. Har- dizon also attended the convention. Friday, the P. E. O. will hold a reciprocity luncheon at the high school, when the county P. E. O. will be entertained. There will be a program.

Mrs. Minnie Fyle entertained the officers of the O. E. S. at the home of her sister, Mrs. Gussie Kettler, near Midway City.

Mrs. Harvey Young gave a dinner yesterday in observance of the birthday of her husband, Harvey S. Young. Several former Iowa friends were the guests.

KIWANIS CLUB TOLD OF CHILD RELIEF WORK

Progress made by the Orthopedic school in Los Angeles and development of new methods for treatment of crippled children was revealed to the Kiwanis club yesterday by Miss Helen Sinclair, of the school, in an address that held the close attention of the 30 men who were present.

Discovery of a serum that will prevent paralysis in infantile cases, if given in time, is one of the very great discoveries of the institution, it was revealed by Miss Sinclair, who said the fact of the discovery had been made public less than six months ago.

The serum, she said, is the product of a mixture of blood from persons who have been afflicted with infantile paralysis and have recovered. When the serum is administered after paralysis has set in, it will prevent spreading of the paralysis, she said.

Stating that the school had a large supply of the serum on hand, Miss Sinclair said it was available to all reputable physicians and without charge.

Asserting that the community chest in Los Angeles had cut the budget of the school 16 per cent because investigations had revealed that 16 per cent of the children treated at the institution had come from points outside of Los Angeles county, Miss Sinclair said the school is now starting on a campaign to advise the public to what it is doing, and with this in view will maintain a booth at the California valencia show at Anaheim.

Raymond Taylor, who accompanied Miss Sinclair, told of the organization of an alumni of the school and the creation of chapters at Long Beach and Los Angeles. He anticipated organization of chapters at other points where graduates of the school are located in sufficient numbers to warrant organization.

Miss Malle Taylor, who was the interlocutor at the show given by the school here four years ago under the auspices of the Kiwanis club, was present and entertained with pianologue numbers.

The Rev. R. H. Silverthorn, chairman of the education committee of the club, announced completion of plans for a breakfast at St. Ann's Inn, at 7:30 a. m. tomorrow, for new and charter members of the club. O. A. Haley, the first president of the Santa Ana club, will be in charge.

The club next Wednesday will give its annual courtesy to Civil war veterans of the community and will have them as guests at its meeting. Veterans whose address may not be contained in the roster of Sedgwick Post, will be invited.

Little Girl Had Rash Three Years Cuticura Healed

"When my little girl was a month old I noticed a red rash on her face. Soon her body was covered, and her skin and hair became very dry. Later it spread to her arms and legs and scales formed on her face. It itched badly and she would scratch the back of her neck until it would bleed."

"She had the trouble three years when my sister-in-law advised Cuticura Soap and Ointment. I purchased some and after using one cake of Cuticura Soap and half a box of Cuticura Ointment she was healed." (Signed) Mrs. Frank Erickson, 775 Monroe B. N. E., Grand Rapids, Mich., Sept. 21, 1927.

Keep your skin clear by using Cuticura Soap, Ointment and Talcum for daily toilet purposes. Touch pimples and itching, if any, with Cuticura Ointment, bathe with Cuticura Soap and hot water. Cuticura Talcum is unsolicited in purity.

Citrus Growers! Study this Chart!

It proves that:

1. More money can be secured to all citrus growers by increasing shipments through the Exchange.
2. Exchange growers receive more money for their fruit than do non-Exchange growers.

NOTE THAT the broken line (Exchange per cent of California Orange shipments) and the solid line (Exchange average f. o. b. price per box) closely paralleled each other.

This is not a mere coincidence. The tendency of outside shippers acting independently of one another is to ship heavily when the market is high. When these shipments are sold two weeks later the resulting oversupply lowers the market.

The Exchange, having prompt and accurate market information and with its shippers working together in the best position to anticipate these market declines and to minimize their effect by making light shipments. Likewise the Exchange can foretell with considerable accuracy the higher spots in the market and ship more heavily to meet them.

The alternating high and low markets shown by the price line on the chart above are the inevitable result of fluctuating supply and demand. They would be modified and the average price level stabilized and improved if the Exchange controlled a larger per cent of the total shipments.

The Exchange acts as the balance wheel for the industry, doing all it can to eliminate threatening market gluts and shortages which are equally bad conditions for producer and consumer.

What the Exchange Is

THE California Fruit Growers Exchange is a non-profit organization of 11,000 California citrus fruit growers, producing about 75% of the California citrus crop, operating and for them on a cooperative basis. Its object is to develop the national and international market for California oranges, lemons and grapefruit, and to provide a marketing organization that will sell the fruit of its members most advantageously and at least expense. Receipts from sales, less only actual costs of operation, are returned to growers. Applications are received through all of the Exchange's 201 local packing associations, 23 District Exchanges or at the central office in Los Angeles.

The Exchange is operated by the growers themselves on a non-profit basis. All of its services (including advertising) cost grower members less per box than the sales expense alone of any other citrus marketing organization.

Talk to the manager of the nearest Exchange association or district Exchange. Or write for further information to California Fruit Growers Exchange, Box 350, Sta. "C," Los Angeles.

OFFERS PRIZES FOR WOMEN IN VALENCIA SHOW

Orange county women and women's organizations were invited today by Mrs. M. H. Benjamin to compete for a list of cash prizes to be offered by the management of the California Valencia Orange show for the best exhibits of citrus by-products at the 1928 exposition, May 24 to June 2. Mrs. Benjamin is chairman of that division.

Entries may include jams, jellies, marmalades, preserves, candies, perfumes, pastries, waxed orange leaves or other by-products. There will be a \$25 first prize for the best group display and a \$15 second prize in this division; \$20 first prize for the best entry by an individual woman; \$25 for the best exhibit entered by a high school, and \$25 for the best display entered by a business firm.

Announcement was made today by Manager George W. Reid that San Bernardino will have a display in the feature section. This brings the number of feature exhibits to twelve.

The sale of family tickets will close May 22, Mr. Reid said, at which time it is expected all of the 50,000 tickets placed on sale several days ago will have been disposed of.

PROGRAM IS COMPLETE FOR CHRISTIAN ENDEAVOR MEET DURING NEXT THREE NIGHTS

One of the largest gatherings of Christian Endeavor leaders, speakers and musicians ever gathered in an Orange County convention will compose the leaders group of the meeting to be held at Laguna Beach Community Presbyterian church, on Friday, Saturday and Sunday of this week.

Among the speakers and leaders are: The Rev. James Hutchinson, pastor of Lake Avenue Congregational church, Pasadena, who will speak Friday night and Saturday morning; Chester Rutledge, missionary from China, an officer of the Los Angeles County Endeavor Union, who will be heard Saturday night and Sunday afternoon; Mrs. Rutledge also will be a speaker on Saturday and Sunday.

President Arthur Braden, of California Christian college, will speak at the closing session Sunday night. Other speakers and leaders of prominence will be Howard L. Brown, state field secretary of the California Endeavor union, and A. H. Anderson, general secretary of the state union, the Rev. R. A. Wolf, Westminster; the Rev. E. F. Cochran, Orange; the Rev. Ray Brahm, Laguna Beach; the Rev. Harry Godbar, Pasadena; the Rev. R. A. Silverborn, Santa Ana; Mary Brown and Grace Blackstone of the state C. E. union.

The song leaders will be in charge of Don Milligan and Fred Barnhill of Placentia with Thelma Green and Hattie Conn as pianists. A great variety of special music is being planned for the convention. The Rev. Joseph Reese of El Modena will be the convention soloist and the male quartet of the Grace Methodist church of Los Angeles will be at the convention for the three days. These singers are well known in church circles.

Other musical numbers appearing during the convention are Watson Ruddy, boy soprano of Placentia; Orange Presbyterian church orchestra; Kenyon Moody, clarinet player of El Modena; Jean Giddings, soloist, Laguna Beach; Silvertone quartet, Anaheim; Alice Ashley, soloist, Anaheim; Mr. Binford, violinist, Laguna Beach; Ralph Palmer, cornetist, Whittier; Warren Schultz, cornetist, Anaheim, and the Santa Ana Evangelical quartet.

All convention sessions will be open to the public. Evening sessions will begin at 7:45, 7:15 and 7 o'clock, respectively, on Friday, Saturday and Sunday.

Missing Youth Is Found At Laguna

LAGUNA BEACH, May 17.—When Night Officer Jack Thomson approached a youth sleeping on a bench, and a dog growled at him, he decided it was time to investigate.

Awakening the young man and taking him to the police station, he found that his prisoner was Emory H. Kirby, said to have disappeared from home seven months ago, shipping on board the steamer Robin Gray.

Chief Abe Johnson was able to learn that the boy's parents live in Wilmington. The youth's clothes were in rags. Chief Johnson got into communication with the boy's father, and the latter promised to come after his son.

TRUST OFFICER OF LOCAL BANK GIVEN FLOWERS

"Say it with flowers" had today assumed a deeper meaning to Charles L. Pritchard, trust officer of the First National bank, since he found his office literally banked with all varieties of beautiful blooms yesterday, in compliment to his birthday and the fifth anniversary of the opening of the trust department of the bank.

The flower shower, as it proved to be, began before Pritchard's arrival at the office yesterday morning, and he was greeted with the cheerful sight. Prominent among the gifts was one long basket on his desk, filled with large white roses and deep blue delphinium. Other baskets and vases contained gladioluses in a variety of deep hues, snapdragons, roses in every color, and mixed spring flowers.

Several large boxes of candy were included among the offerings, and the lucky officer of the department was glad to volunteer their services as samplers. The birthday remembrances were not confined to the bank, but several large baskets of flowers awaited the trust officer last night upon his arrival at his home in Tustin.

PLACENTIA, May 17.—Miss Helen Mentor, Miss Kathryn Johnson and Miss Edith Lush have been selected by the board of trustees of the grammar school to fill the vacancies created by the resignation of Miss Della Leonard, Miss Ruby Kampert and Mrs. Alpha Salvason.

Mrs. Ruby Wright of the Bradford street school, and Miss Dorothy Williams of the Richfield school, handed in their resignations to the board at the meeting this week. These vacancies have not been filled.

WANT TENT RETAINED
LAGUNA BEACH, May 17.—Acting to cause the school trustees to retain the present tent school, the P. T. A., in a written communication signed by Mrs. Gracie B. Luckie as a committee of one, pointed out that it was a good start for an open air school unit. It was stated before the board by Mrs. Luckie that several children had been very materially benefited in health. It was because of reasons of health that the P. T. A. asked that the tent be retained.

FOURTH ANNUAL WILLARD FAIR FRIDAY NIGHT

Many interesting surprises and unusual displays will feature the program of the annual fair at Frances Willard junior high school tomorrow evening, at 7 o'clock, it was declared today by W. S. Kellogg, principal of the school.

Pointing out that the event is the fourth annual fair by the school, Kellogg asserted that the affair tomorrow is being presented on a larger scale than ever before.

The following events, he said, would be of special interest to parents and friends of Willard school, as well as the general public:

The ghost dance, under the direction of Mrs. Thatcher, will be a weird exhibition of dancing. A monologue by Garrison, entitled, "A Camping Trip on the Santa Ana River," or "How I Got My Black Eye," promises to be a hit. This is under the direction of Miss Esther Jean Davis. Tumbler of Willard will appear in a hair raising act, "Sky Scrapers." Mr. Archer is the director of this stunt.

A touching little playlet "Cinderella," with Elmer Curry, known for his wonderful facial expressions, in the title role of Cinderella should be appreciated.

A wonderful trained animal act featuring Jumbo, the gifted elephant, almost human in display of intelligence, will be one of the evening's hits. Miss Langley and Miss Childers have charge of this act.

Last, but not least, the "Norwalk Follies," a galaxy of beauties, will be on exhibition.

The first performance of this show will begin promptly at 7 o'clock. Two other performances will be given during the evening, making it possible for all to attend.

GOV. ALBERT C. RITCHIE, OF
MARYLAND, SEEN AS POSSIBLE
HEIR TO AL SMITH'S SUPPORT

EDITOR'S NOTE: This, the seventh of a series of presidential cam-
 paign portraits, written for The Register and N.E.A. Service by Robert
 Talley, tells the story of Gov. Albert C. Ritchie, Maryland. An article
 discussing Senator Charles McNary, of Kansas, will appear soon.

By ROBERT TALLEY
 N.E.A. Service Writer

WASHINGTON, May 17.—Fifty-one years old,
 tall, good looking and a bachelor, Albert C.
 Ritchie, three times governor of Maryland, is
 a receptive although not an avowed candidate
 for the Democratic presidential nomination.

Governor Ritchie, an Episcopalian, is a
 close friend and a loyal supporter of Al Smith.
 As long as the New Yorker is in the race
 Ritchie intends to fight for him. But if the
 history of Madison Square Garden is repeated
 at Houston and another deadlock makes Smith's nomination
 impossible, Governor Ritchie may be trotted out as the second
 choice of the Smith forces as was Oscar Underwood, in 1924.

Refreshingly frank, Ritchie admits that the mention
 of his name in connection with the presidency is pleasing to him.
 Equally candid, he admits that he entered politics when a
 young lawyer because a judicious amount of politics helped his
 law business.

Ritchie is a "wet," a strong ad-
 vocate of state rights and per-
 haps the greatest vote-getter in the
 history of Maryland.

He is the only man who has
 ever served more than one term
 as governor in the long history of
 that state. He first was elected
 governor in 1919 by a bare ma-
 jority of 165 votes, re-elected in
 1923 by a majority of 41,000 and
 re-elected again in 1927 by a ma-
 jority of 61,000.

Steady Political Rise
 He entered politics as a de-
 puty city solicitor, Baltimore, then
 became people's counsel for the
 Maryland public service commis-
 sion, was next attorney general of
 the state and finally became gov-
 ernor.

Governor Ritchie views prohibi-
 tion enforcement as a failure, with
 the explanation that the mass of
 the people do not want prohibition,
 and assails the federal dry law as
 an invasion of state rights. He
 thinks every state should be per-
 mitted to decide the question for
 itself.

Maryland is one of the four
 states that have no state prohibi-
 tion law and it offers no aid to
 federal authorities in this respect.
 Ritchie takes the position that it
 is a government law and therefore
 it is up to the government to en-
 force it.

"We have spent nearly \$150-
 000,000 trying to enforce prohibi-
 tion," he says, "and have lost
 nearly four billions in revenues
 while the effort was being made—
 and our last state is worse than
 our first was."

Governor Ritchie is best known
 for his anti-prohibition view, but
 this is only one item in his gen-
 eral state's rights program. It
 has attracted the most attention
 merely because it is the most col-
 orful item.

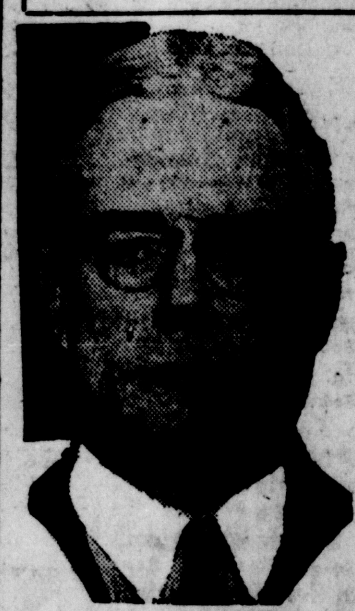

Too Much Government
 Broadly, Ritchie believes that
 the nation is suffering from too
 much centralized government from
 Washington. He says a multiply-
 ing number of federal laws are
 gradually extending their power
 over a people who want really local
 government, and not govern-
 ment dictated by somebody who is
 perhaps 3000 miles away.

Governor Ritchie is on record
 as having said:
 "The Democratic party always
 has stood for the rights of the
 states, because it believes that
 through local self-government we
 can best attain efficient govern-
 ment and best preserve individual
 liberties. . . . This reliance upon
 and acquiescence in federal power
 is being overcome to an extent
 that imperils not only the future
 of the states as states, but the
 union itself as well."

"Our government has become
 the most regulatory in the world,
 except Russia and Italy. Inspectors
 and spies and official regulators
 follow the 100 per cent American
 from the day he draws his first
 nourishment from his mother's in-

SMITH'S HEIR?

Gov. Albert C. Ritchie, of
 Maryland, an avowed wet,
 who is seen as a possible
 heir to Al Smith's support
 if a deadlock should occur at
 the Houston Democratic con-
 vention. In the accompany-
 ing article, Robert Talley re-
 cites the highlights in Rit-
 chie's political career.

spected breast.
 "This great problem (prohibi-
 tion) cannot be settled by trying
 to standardize human conduct. A
 yardstick cannot be applied to it
 throughout the country. The com-
 munities which resent this law
 cannot be clubbed into taking it."

Everything Regulated
 "He (the citizen) is told what
 he may eat, what he may smoke
 and everything that he may not
 drink. What he may read or write
 or see on the stage is prescribed,
 too, and not content with this the
 government advises him how to
 hang curtains in his home, what
 meat to cook for his dinner and
 in the year 1927, under the aus-
 pices of the department of agri-
 culture, there was distributed
 throughout the country a treatise
 entitled, 'A Pocket Essay on Kiss-
 ing.'"

Maryland's Democratic and equal-
 ly Democratic governor—a fa-
 vorite alike with the farmers, the
 oystermen and the city folks—is
 such despite the fact that he comes
 from the upper crust of Maryland
 aristocracy. The Ritchie family
 line in Maryland runs back for
 nearly two centuries.

The son of a Baltimore judge,
 young Ritchie grew up in a circle
 of quality and means. He took
 his A. B. degree at Johns Hopkins
 in 1896 and later studied law at
 the University of Maryland, from
 which he graduated into politics by
 making soap-box speeches at ward
 rallies.

He does not play golf, he reverses

his hand position, who is his closest
 companion, he has never driven
 an auto because he prefers not to
 and has no hobby but work. The
 latter has brought about almost a
 complete reorganization of the
 state government during his three
 terms and doubtless explains much
 of the vote-getting popularity that
 has been his.

TEXTURE PLASTER
USED FOR PICTURE

Have you seen that decorative
 panel in the C. F. Mitchell paint
 shop window? Is a leading question
 among art fanciers, for a panel
 that has all the effect of an oil
 painting, forms the background to
 an attractive window display.

Inquirers soon learn, however,
 that it is not a true painting, for
 the whole thing has been executed
 in a texture plaster, used for in-
 terior decorating purposes, and was
 done by H. Allen Smith, a dec-
 orator in the employ of Mitchell.
 The scene depicted is typically
 Californian, with the purple slopes
 of mountains in the background. A
 "dobe house" is suggested, with a
 charming senorita awaiting the ar-
 rival of a dashing caballero whose
 pony curvets beneath the eucalyptus
 trees. The breadth of the
 subject is an amazing example of
 what may be accomplished by the
 use of the plaster, and the tools

A DROP OF ACID WILL TEST A DIAMOND—

A 566% increase in sales proves the quality of a gasoline. Won't you try Macmillan in your car?

WITHIN an hour's drive from where you live motorists bought last month nearly one million gallons of Macmillan Gasoline.

Taking into consideration other territories we serve, and our refineries in Texas and Arkansas, motorists used last month approximately three and a half million gallons of Macmillan Gasoline.

In terms of railroad tank cars, this amounted last month alone to 437 carloads of gasoline. (The average tank car contains about 8,000 gallons of gasoline.)

During the first quarter of 1928, Macmillan sales in California were 566% greater than in the same period of 1927.

And yet, 1928 automobile registrations in California are actually less than 1927 registrations.

Therefore, it would seem that a great many motorists must be changing to Macmillan Gasoline.

There Must Be a Reason

bore you with statistics or to boast about our gallonage.

Our reason is simply this:

Making the finest gasoline possible to produce—a gasoline which we guarantee will give you more miles to the gallon than any gasoline you have ever used—is not a problem with us.

Our problem is to convince you that Macmillan Gasoline is the superior motor fuel which we painstakingly and carefully make it to be.

For, it must be plain that if we did not make a gasoline that would stand the test of the Macmillan guarantee, our volume of gallons would descend from whatever heights it may have reached to an absolute vanishing point.

Macmillan Gasoline is sold by these better service stations. We suggest that you try it.

FRANK GETTY
Special Press Staff Writer

The last of Dr. Otto Peltzer, provided his injured ankle really kept him from Olympic competition this summer, will be a well-earned blow to Germany's athletic ambitions.

The German was hopeful of a high place at Amsterdam in the Ninth Olympiad. They did not realize his rank first, for they conceded the weight of numbers and athletic superiority to the United States. They did, however, plan to give Finland and England a great race for second place.

Dr. Peltzer, who holds the official world's record for the half mile, was to have run in the 800 and 1000 metre events in the Olympic games. Possibly he would have won neither. Even if he won both it would be a drop in the bucket compared with a wave of American victories.

But the point is that Peltzer represented leadership to the German track and field team. He was the one athlete since the war who had succeeded in having the German national anthem played at an indoor track meet in the United States. He was honored by England and America as one of the really great athletes of the era. Dr. Peltzer's half-mile record was broken last winter by Lloyd Mahn of the B. A. A., although the new time has not as yet been officially accepted. Eventually it will, and then the same of Germany's only world's record holder will have to come off the athletic records.

When the German middle distance star proposed to visit the United States last winter, the German athletic authorities protested. They had observed what had happened to Paavo Nurmi and Charley Hoff, the Norwegian pole vaulter, and they wanted no part of it for Peltzer.

The good doctor came over on his own, however, and then pressure was brought upon the Berlin officials to allow him to compete. Finally a cable came back:

"Peltzer three stars subject international and union approval."

After puzzling over that for a while, Dan Ferris and his associates on the A. A. U. outlined a program for Peltzer, who went into training to show what he could do.

In his first start, the German romped around a mediocre field in a 1000 yard run in Madison Square Garden. Ray Dodge of Chicago was the only worthy opponent of Peltzer in the race, and he was outdistanced. In his next two races, Peltzer was beaten by Ray Cenger and Lloyd Mahn.

All this time, the German athletic authorities were anxious lest some accident befall their hero. And then he went back to Germany, stepped on a pebble and ruined one of his ankles.

SENIOR CO-EDS PADDOCK PLANS UNDEFEATED IN TO RETURN FOR SCHOOL SERIES BIG L. A. RACE

Final Standings

	W.	L.	Pct.
Seniors	4	0	.1000
Juniors	1	3	.250
Sophomores	1	3	.250

The fourth victory was added to the unbroken series of triumphs for the senior girls' basketball team yesterday when the upperclass coeds scored a 28 to 2 win over the sophomores and thereby earned a title as undefeated champion of Santa Ana high school.

In the series just ended, the juniors and the sophomores teams each lost a game to the other placing them in a tie for second place behind the seniors.

Experience told to the advantage of the senior girls in the playoffs. Miss Rowena Cone, captain and pitcher, formed the senior battery. The captain for the juniors was Miss Gladys Earley, pitcher, and the sophomore captain was Miss Lillian Cope, first base.

Although the interclass series is completed, the girls are continuing to practice for the playday matches at Fullerton next week. The senior and junior teams will play next Wednesday against other Orange county teams selected by lot, and the sophomores will have their show Thursday.

Earl Sande Will Not Ride In Derby

JAMAICA RACE TRACK, N. Y., May 17.—Earl Sande informed the United Press today that he will not ride in the Kentucky Derby. Sande had the mount on Omand in the Toboggan Handicap at Belmont today and said he had made no plans to go to Louisville.

It had been reported Sande was offered up to \$20,000 by Stuyvesant Feabody to ride his Martie Flynn in the Derby.

FARRELL PICKS MANDELL OVER JIM McLEARNIN

(Continued From Page 10.)

is to be held in New York on May 17. These thoughts just come to mind because this is the first lightweight championship fight of any interest to the public since Leonard retired from the business.

Mandell Better Than Reed For other reasons, the fighting qualities of Leonard and his crafty brain come back, for on qualities like those Leonard had depend Mandell's chances of retaining the championship against a youngster who has shown more hitting power than any lightweight developed since Leonard.

Mandell is a better fighter than he is generally rated. He certainly has a fighting heart and a fighting brain like Leonard. He can't hit as hard as Leonard hit some of his men, but he can box almost as well and he is faster.

Because of physical condition that no one disputes, a fighting heart that he has demonstrated and a "fighting brain" that has been with him any number of critical moments, we think he will beat the younger and less experienced McLarnin.

McLarnin is so highly regarded because he knocked out Ed Terris with one punch. We will concede that McLarnin can punch with his right hand, disregarding the fact that Terris was through and overconfident. Most any kind of a fighter has a punch sufficient to stop a man if he lands perfectly and a one-punch knockout has to be the maximum of perfection.

Sammy Fast and Glover McLarnin does not figure to land that one punch on Mandell because Mandell is too fast and too clever and because Mandell has a left hand and a very good one. Jackie Fields and Billy Wallace, two very good little fighters, say that McLarnin can't get by that left hand for his right hand sock.

Mandell has been hit before and he has been on the floor and under those taunts he always has proved himself a fighter at heart and a good man with better weapons than he gets credit for carrying. Mandell will not be a victim of overconfidence because he is too smart and he never has had the chance to have his senses lulled into security by the flattering kind of publicity that spoiled Terris even before the stamina went out of his legs.

McLarnin is a nice little boy and, from all accounts, a very good fighter, but he is not going into a sucker opponent and he may have to stop to think several times. And that is a dangerous place to have to stop and think.

VICTORIAN—BY A WHISKER

Just a few inches lead in a furious finish gave victory in the Baltimore Freekness to Victorian and his jockey, "Sonny" Workman, shown here next to the rail as they flashed over the line. Workman, who he needed was a neck him a glaffe and the H. P. Whitney stables would not have won the track classic for the second successive year.

BOLSA

BOLSA, May 17.—Mr. and Mrs. Howard Barnes, whose wedding was an event of May 8, returned Monday from a motor wedding trip to San Diego, Lake Arrowhead and other points and they are now located in Santa Ana, where they have taken a flat until they leave May 28 for an eastern motor trip of two months.

Mrs. Barnes' father, John Pearson, and her uncle and aunt, Mr. and Mrs. Clarence Pearson, will be of the party.

Mrs. John Baker, of Long Beach visited one day recently with her sister, Mrs. Sterling Price, having just returned from Santa Cruz, where she had been on vacation.

The play "Sham," to be given under the auspices of the Bolsa Play-Teacher association, is to be presented at the school Friday evening. Those taking part include Miss Stoneman, Earl Gardner, Roy Head and Brooks Stroud.

Mr. and Mrs. George Harding and family and Mr. and Mrs. Sterling Price and family visited in Santa Ana Sunday with Mrs. E. S. Hill, mother of Mrs. Price and Mrs. Harding.

Miss Lucille Radford has just graduated from Berkeley, where she has taken a year's course in history following the completion of a college course in home economics. Miss Radford will remain in the north until she is certain of her position as teacher for next term.

Mr. and Mrs. Helen Barnes gave a dinner in her home on Mother's day at which covers were laid for five, Mr. and Mrs. C. A. Westgate, of Buena, Miss Velda Barnes, Vena Barnes and the hostess, Mrs. Helen Barnes.

Word from John Shutt at Marysville states that since the recent floods experienced in that section, the country in the vicinity of Feather river is being overrun with pests. Earl Gardner, of this place, has a fruit ranch on the banks of the river and Shutt wrote he sprayed the young trees in an effort to keep them from being damaged but did not know whether this would save them or not.

Ave Ross left Tuesday morning by train for Los Molinas for a visit of indefinite length with Gill Walker and family.

Mrs. Stella Farnsworth returned Monday evening from a week end trip, which she spent at Buena, Ventura with Mrs. Farnsworth, who is there on business, returning, she was an overnight guest in Los Angeles of her cousin, Miss Bertha Gross.

The Bolsa Social club is giving

a party tonight at the Bolsa clubhouse, with Mrs. Farnsworth and Mrs. Grant Eddy as hostesses.

The Bolsa club will give a card party the first and third Thursday evenings of each month at the clubhouse during the summer months.

Mrs. Stella Farnsworth was co-hostess with Mrs. H. H. Pollard, Mrs. George Lewis, Mrs. Arthur Woodworth Monday evening at the card party given by the Woman's Civic club of Garden Grove, of which Mrs. Farnsworth is a member.

BURNS, DIXON DRAW
OAKLAND, May 17.—Young Johnny Burns, of Oakland, was given a draw against Young George Dixon, colored middleweight of Portland, in a 10-round bout here last night. The fans thought Dixon won the decision.

PLAYS ALL POSITIONS
Marty McManus of the Detroit Tigers, can play every position on the infield. He was used at second and short last season, and has played third and first for the Tigers this year.

INSTALLED AS FAVORITES
Although the meet is several weeks off, Stanford's track team already has been installed a heavy favorite to win the I. C. 4-A honors at Harvard this year.

If You're Bored with the Manners Of Ordinary Cars

If You Want Speed and Life and Youth

If you are bored with trying to drive speed claims, "doo-dads," nickel plate, or price alone—
If you're seeking dash, speed, life, and youth in a motor car—
If you believe that getting somewhere is very important business, yet don't care to pay a fortune for the privilege—
Reo builds the Wolverine for you.
Paints it different colors, as the rest do. Gives it the "doo-dads" the rest have.
Adds four wheels and bumpers in accord with custom.
But underneath Reo puts an automobile—an automobile that gets somewhere with speed and dispatch—an automobile that leaves much more expensive cars blushing self-consciously in the rear.
That's the Wolverine which Reo builds for \$1195 and \$1295; at Lansing, plus tax. See it in any Reo showroom. Drive it over any roads. Parade it through any company. You'll be surprised.

Use Cycol and avoid frequent valve-grinding. This oil with "endurance beyond belief" reduces carbon trouble.

Stability The new Cycol will stand the hardest kind of usage. It is refined to meet the severest conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest.

No Acids The new Cycol refining process eliminates the use of acids, though most refiners use them. While acids cause the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value.

The new refining process for Cycol is different in every respect. It selects from the "crude" those elements of greatest lubricating value and stability in performance, rejecting at the same time those elements which readily break down under engine heat and cause excessive carbon deposits.

So Cycol gives a protective oil film on cylinder walls and moving parts, not vapor at the breather pipe.

Less Carbon As to carbon, Cycol like all other oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement.

And even more important, the carbon that is deposited by Cycol is soft and easily removable. It is not hard or sticky and cannot scratch a cylinder.

Prove it Yourself For those reasons you will find that Cycol gives you the finest results you have ever known—more perfect lubrication, "endurance beyond belief" and the elimination of carbon troubles.

So fill your crank case with Cycol. You can identify Motor Oil signs are shown.

ESTATE TRUST HANDLING TOLD ROTARY GROUP

FULLERTON, May 17.—The operation of trusts and the handling of estates was the subject of an address given by E. R. Croer, assistant trust officer of the Security Trust and Savings bank, Los Angeles, at the weekly meeting of the Fullerton Rotary club at McFarland's cafe yesterday.

Croer traced the origin of trusts and the various forms which have developed. Legal difficulties and conflicting state laws in the handling of estates and wills were described by the speaker, who pointed out the advantage of a trained trust officer in the capacity of trustee.

A report of the district Rotary convention at Sacramento last week was given by Howard Irwin. He emphasized the increased interest in Rotary throughout the district, particularly in the north. Irwin attended the convention with L. B. West and H. A. Krause, of Fullerton.

Several solos were rendered by Miss Marquita Salveson, accompanied on the piano by Miss Reva Hawkins. Walter Jones was in charge of the musical program and Fred Schindler was chairman for the day.

Open Bids On Buena Park Church Edifice

BUENA PARK, May 17.—Ten bids on the general contract for the new Congregational church were opened and read after prayer meeting last night, ranging from \$22,400 to \$17,400. Namlyn and Young, of Anaheim, were low bidder.

The bids on the electric oil work ranged from \$13,000.00 to \$19,000.00. The plumbing bid of B. N. Sundry was \$800. The heating bid was \$725.40; glazing, \$795; hardware, \$400; painting and decorating \$1900.

Twenty-five thousand dollars it is estimated, will cover all work and probably furnish the edifice.

The church building committee took all bids under advisement until Monday night, when a decision will be announced.

GARDEN GROVE, May 17.—A program was presented under the direction of Ralph Smedley, secretary of the Santa Ana Y. M. C. A., at the regular meeting of the Men's Brotherhood in the Methodist Episcopal church Tuesday evening.

Mr. Smedley gave a 10-minute talk, citing leadership and friendship as essential in the development of boys.

Mr. McKee, assistant physical director of the Y. M. C. A. spoke on the general work of the Y. M. C. A.

EXCHANGE CLUB TO HEAR TALKS BY 5 MEMBERS

NEWPORT BEACH, May 17.—Next Wednesday will be educational day for the Newport Beach Exchange club and five members, selected by President Eugene Fennell, will make five-minute addresses, as follows:

"Social Ideals of Exchange," Dr. Conrad Richter; "Religious Ideals of Exchange," the Rev. W. H. Stockton; "Political Ideals of Exchange," Lew H. Wallace; "Business Ideals of Exchange," Charles H. Way, and "Our Responsibilities to Exchange," J. Frank Burke.

This was one of the announcements made at yesterday's meeting at the Little Coconut Grove, Green Dragon cafe, when notice was also given of amendments to the constitution, to be voted on at the meeting of June 6, providing for the election of officers for six months instead of for a year. Under this plan new officers will be elected at the June 13 meeting.

Yesterday was Jess Ainsworth day and next Wednesday will be Roy Anderson day, in line with the plan of each member donating two small prizes. The winners yesterday were Louis W. Briggs and Walter Eastlack. There will be no meeting May 30, Memorial day.

E. B. Whitson, chairman of the membership committee of the chamber of commerce, warned all members of the club who have not paid their chamber dues to do so, or they "would be hounded until they did." The club members are already nearly 100 per cent chamber members, it was stated.

Dr. C. G. Huston, president of the Costa Mesa Lions club, who was a guest, vouched the support of his club toward a solution of the high school problem or any other public matter coming before the harbor district. "Let the Exchange club lead and we will follow," he said.

Some of the "remarkable achievements made in aviation and the air mail service, especially in Southern California, were told by E. J. Fluke, representing the Western Air Express, which has the Los Angeles-Salt Lake mail contract.

Fluke told of new inventions and new instruments being installed in the newer planes which will do away with the comparatively few hazards which now exist in flying.

Notwithstanding the tremendous publicity given all air accidents, it is already as safe as any other mode of transportation, he declared. During all of last year only 164 fatal aviation accidents had occurred in the United States, and these included 21 transatlantic deaths.

In the entire air mail service only one passenger and six pilots were lost, in spite of the fact that the air mail planes travel the equivalent of around the world every 24 hours, and the service is growing by leaps and bounds, he said.

In reply to questions, Fluke said that large airports were needed in such cities as this, to take care of future aviation development and industrial activities in connection with it.

J. H. RENFRO MADE LEGION ADJUTANT

NEWPORT BEACH, May 17.—J. H. Renfro has been named adjutant of the American Legion post here. He succeeds Lloyd Claire, who was placed on the city council recently.

Three new members have been initiated into the post. They are H. P. Adams, R. L. Patterson and Joseph Elliott.

The Legion will co-operate with the Newport Harbor Chamber of Commerce in staging Memorial day services here, according to J. H. Bates, commander.

Man Sought Since 1926 Is Arrested

HUNTINGTON BEACH, May 17.—Chief Tex Choat announced today that he had located Victor Oliver, wanted in Huntington Beach since 1926 on a charge of bigamy. According to Choat, Oliver married Margie Archer, 18, of 337 Frankfort street. Oliver disappeared the day after the wedding and in trying to locate him it was discovered that he had a wife and three children in Claypool, Ariz., the chief said. He was traced to many cities of the west and south but always too late. A few days ago the chief received a tip that Oliver was headed for Westwood, Lassen county. A letter and a wire resulted in his arrest and a deputy started yesterday for Westwood to bring him to Huntington Beach.

LAGUNA CITY BOARD SIGNS CONTRACT WITH ENGINEER; DOG ORDINANCE IS PASSED

LAGUNA BEACH, May 17.—Employment of A. J. Stead for a term of 18 months as city engineer, continuing him in that position, but on a percentage instead of a salary basis, was approved by the city council last night. The dog muzzling ordinance was passed despite a petition asking for a revision of it.

The abandonment of alleys in three blocks was discussed and letters ordered sent to property owners stating that the council favored the abandonment.

In connection with the alley projects, property owners will be asked to give permanently to the public the right to pass over and have all customary beach rights of property which is beach. The purpose is to prevent controversy in the future.

Horace Virgo, owner of the Virgo hotel, asked that the city permit him to sell soft drinks. He was informed that his place of business is outside of the business zone and must be used only for hotel purposes.

Bills to the amount of \$702.90 were allowed, money having been received from tax apportionment to permit paying them.

When the vote for engineer was taken, C. R. Clapp and R. D. Lipincott went on record as opposed to the contract, but did not state their reasons. Councilmen Mason, Riddell and Mayor Champion voted for the signing of the contract.

Provisions of the contract set the rate of compensation at seven per cent on improvements in which the total sum is \$30,000 or more, between \$20,000 and \$30,000 at eight per cent, between \$10,000 and \$20,000 at nine per cent, less than \$10,000 at 10 per cent. It was required to be done under the acquisition and improvement act of 1925, known also as the Mattoon act, the rate of compensation is one per cent higher in all classifications.

When the ordinance requiring the muzzling of vicious dogs came up for final action, a petition with 73 signers asking that the ordinance be amended to require three persons to affirm the viciousness of the dog, one to be an official or director of the humane society, was read, but after brief discussion was given no further consideration.

CHURCH SOCIETIES

Flower Tea

The Friendly Tea of the Woman's society of the First Baptist church, sponsored by the April and May calendar groups, was a pleasant event of Wednesday afternoon.

The church parlor was made attractive with an abundance of the late spring flowers. The hostesses were designated by tissue caps in flower designs. Games arranged for the amusement of the guests called for grouping by the means of names of flowers and each group then chartered its flower.

Stocks won distinction for concealed identity, while sandellon (dandy lyn) covered a range of stories from the proverbial fish tale to political honors in the White House.

Musical numbers of the afternoon were "Spring Butterflies" and "A Bit of Philosophy" sung by Mrs. M. Phillips, and a "Lullaby" by Mrs. Elmer Steffensen, with Miss Emma Havens at the piano.

Two prettily appointed tea tables presided over by the president, Miss Gertrude Minor and ways and means chairman, Miss Lela Minter attracted the congenial company for a cup of tea, dainty sandwiches and cakes.

The hostesses of this Flower tea were Mesdames R. E. Coulter, Warren Brakeman, R. H. Bruce, F. E. Moore, R. H. Powers, J. A. Gardner, William Rhorbach, Elmer Steffensen, F. A. Loebe and Hugh Wiley.

Reading Circle Meets
Members of the Tuesday Evening Reading circle of the Reformed church, planned a joyful surprise on one of their number, Mrs. Ralph Huston, as an event of their latest "get-together."

The guests visited the Huston home at 1337 Grace street, in a body, and after springing their surprise, showered Mrs. Huston with pretty tankards. A merry evening was completed by the serving of light refreshments, provided by the self-invited merry-makers.

Class Party
Members of the Younger Married Peoples Sunday Evening Bible class of the Reformed Presbyterian church, taught by the Rev. G. N. Greer, recently honored their mothers and others by inviting them to the hospitable home of their teacher.

The house was beautifully decorated with plants and flowers. The tables were lovely with flowers and with additional color from the nut cups, place cards and individual bouquets. The delicious dinner was prepared and served by members of the class and enjoyed by a large number of guests.

Later a program arranged for by the president of the class, Mrs. Greer, was given. Greetings were extended by Mrs. S. Edgar. An address was given by the Rev. S. Edgar, pastor of the Reformed Presbyterian church, Miss Margaret Walkinsaw gave a talk on the "Old Fashioned Mother" while Mrs. John Curry told about the "Modern Mother." Miss Ethel Tanen gave a "Tribute to Mother" and Miss Helen Greer played a piano solo. The Rev. Mr. Greer told of the origin of Mother's day. After a cheer for the mothers, led by Prof. J. G. Betts, of Los Angeles, Mrs. McClelland of San Clemente gave two readings. A few old time songs were sung by members of the class accompanied by Mrs. Greer.

Evening of Bridge Is Compliment Paid to Visiting Sister

Asking a group of friends in for an evening of bridge, Mr. and Mrs. Joseph P. Smith of 120 South Broadway, last night entertained in honor of Mrs. Smith's sister, Mrs. William Blake of San Antonio, Texas, who is with them for an extended visit.

Some of the handsome gladioli in whose culture the host is so proficient, were used to adorn the home, and half a dozen card tables were placed for the evening of bridge. Doubling and re-doubling were permitted in scoring, so that gratifyingly large totals were displayed at the close of the contest.

Mrs. F. H. Cloyes and William Barrowman led in the contest, while Mrs. George Osterman and Willis E. Hennion brought up the rear. Mrs. Smith had made two handsome pillows, a quilted one in deep yellow silk, which was presented to Mrs. Cloyes, and an embroidered boudoir pillow as consolation gift to Mrs. Osterman. To the men were given boxes of bordered linen handkerchiefs.

As the final feature of the pleasant evening, the tables were spread with pretty linens and centered with plates of salted nuts and candies, for the serving of strawberry shortcake topped with whipped cream, and coffee. Mrs. Smith's two daughters, Miss Elizabeth of the home, and Mrs. Osterman, aided in serving. The third daughter of the home, Mrs. Spencer Patterson, was unable to be present because of illness in her family.

Sharing the pleasant evening with the hosts and their honor guest, Mrs. Blake, were Mr. and Mrs. James Taylor, Mr. and Mrs. Joe Burke, Mr. and Mrs. F. H. Cloyes, Mr. and Mrs. George Richardson, Mr. and Mrs. Willis Hennion, Mr. and Mrs. G. H. Goodwin, Mr. and Mrs. Theo. A. Winbiger, Mr. and Mrs. Roy Langley, Mr. and Mrs. George Osterman, and William Barrowman of Long Beach, a friend of long standing of Mr. and Mrs. Smith and Mrs. Blake.

The church parlor was made attractive with an abundance of the late spring flowers. The hostesses were designated by tissue caps in flower designs. Games arranged for the amusement of the guests called for grouping by the means of names of flowers and each group then chartered its flower.

Woman's Club Members Are Interested in Travel Talk

Santa Ana Woman's club activities for the year were summed up in interesting manner at Tuesday's meeting in the home of Mrs. S. E. Littrell, 207 Cypress street, and an entertaining program given, with yet another interval devoted to plans for the future.

Various committee reports showed the club to be in a flourishing condition, and with a steady and consistent growth. The newest member will be Mrs. William Schenberger, past president of the Santa Ana parlor, Native Daughters of the Golden West.

Mrs. William Whitehead read the proposed program for next year's study, and it was accepted unanimously. One of the outstanding programs will be presented by the past president.

Another matter of interest taken up was a "memorial" to be sent the president and senate of the United States. This was to ask the government's co-operation with other nations for the substitution of peaceful methods for war in settling international affairs, and that "France and the United States mutually engage for the renunciation of war as an instrument of national policy." This was signed by the president and officers for the club, and will be sent to Washington.

Mrs. Littrell as hostess and chairman of the program committee, introduced Mrs. Elmer Barr Burns whose vivid account of her trip abroad completed the entertaining afternoon. She opened her talk with a description of her voyage, which, since it was over the North Atlantic, offered her close views of enormous icebergs. Especially interesting was her account of Germany, the castled Rhine and "old Heidelberg." Holland, Switzerland, France and other European countries were described, and vivid descriptions of foreign cities given. Mrs. Burns declared that of them all, she preferred Rome, finding it most enthralling, and her audience with the Pope, an impressive and memorable occasion.

She told of the little village near Coblenz where she visited spots made famous by descriptions offered by her son, Carl Burns, who was stationed there for six months following the World War, and told of how it affected her to visit the spots in person.

After expressing to Mrs. Burns their appreciation of her excellent talk, the clubwomen were served punch and wafers as the final feature of an enjoyable afternoon.

The mothers of the members of the Wrycende Maegden club of the Young Woman's Christian association were honored guests last night at a party held in the Y. W. C. A. rooms on West Fifth street.

The mothers were entertained by the presentation of a program which included such numbers as vocal selections, "Mother Machine" and "Desert Song," by Cecil Fong Willis with Miss Ruth Armstrong accompanying; two violin numbers by Miss Audrey Gramma; piano numbers, "Impromptu" by Schubert and Chopin's "Revolutionary Etude" by Miss Beatrice Gramma; musical reading by Mabel Pruitt with Mrs. Jack Snow accompanying; and readings by Chalmers Lindsay.

Following the program, mothers and club members enjoyed a half hour inspecting the new quarters of the Y. W. C. A.

A dainty supper was served in the dining room which was decorated for the occasion in the club colors, blue and gold. Larkspur and golden cressets made gay bouquets for the tables.

Mothers present for the affair included Mrs. Hattie A. Wall, Mrs. E. R. Erskine, Mrs. Annie Lindsay, Mrs. J. E. Pruitt, Mrs. F. W. Thurston, Mrs. W. C. Jerome, Mrs. Arthur Beckman, Mrs. L. E. Tolson, Mrs. John Lutz, Mrs. E. E. Bryant, Mrs. A. F. Gramma, Mrs. W. H. McPeak and Mrs. Pella Elder.

Members who enjoyed the party were the Mesdames Hattie Bell Wall, Mary Wall, Coral Erskine, Chalmers Lindsay, Mabel Pruitt, Dorothy Thurston, Dorothy Beckman, Annie Jerome, Muriel Jerome, Beatrice Tolson, Adele Lutz, Louise Bryant, Stella Graham, Dorothy Deane, Audrey Gramma, Beatrice Gramma, Helen McPeak and Nancy Elder.

Pleasant Party Series Is Concluded with Smart Dinner

Offering the final one of a series of delightfully varied parties, Mr. and Mrs. Theo. A. Winbiger entertained Tuesday evening at a smart dinner in their home, 207 East Ninth street.

Tables in the spacious dining room were spread with heavy damask and adorned with bowls of pink and lavender sweet peas and Cecil Brunner rosebuds, sprayed with fern fronds. Name cards in harmonious colors indicated places for the diners.

A surprise feature of the dinner hour was the appearance of Miss Ruth Armstrong and Cecil Fong Willis, who gave an impromptu group of popular songs. Mrs. Willis as soloist and Miss Armstrong as pianist. The numbers included "Desert Song," "Ramona" and "My Blue Heaven."

An evening of music and lively conversation opened with "nuts to crack" when Mrs. Winbiger passed a bowl of walnuts in which were concealed amusing conundrums. Mrs. Fred Hein (Cleo Bowers) sang such favorite numbers as "When Irish Eyes Are Smiling," "Carry Me Back to Old Virginia," and others. James Hughes added two splendid songs to the program, "The Builder" by Cadman, and "Canteo" by Fair, O Sweet and Holy." Mrs. James Hughes played the accompaniments both for her husband and for Mrs. Hein.

Mr. and Mrs. Winbiger greeted as guests, Mesdames and Mesdames W. A. Taylor, Russell Caldwell, James Hughes, Cecil Marks, O. H. Barr, Fred Hein, J. W. McCormack, E. H. McMath, F. W. Wiesemann, William Stauffer, J. G. Quick, Samuel M. Davis, F. P. Jayne, P. A. Robinson and Ernest M. Winbiger.

CLARENCE YOUNG EDITOR

The WOMAN'S DAY

By ALICE SUMNER

Women cooks are being placed in the French army. The minister of war, after long years of argument on the subject, finally has signed an order authorizing the replacement of male army cooks with women cooks. The soldiers don't seem to like it. Some of them complain that whereas women may be all right on plain solid cooking of roasts and potatoes, they "can't make dainty salads and pastries."

WHAT'S IT MEAN?
One reads that a second time. Is it a symbol of these sex-changing times? Men becoming the dainty cooks, women the mere hash-slingers? Is it true? Don't any of us know men who can serve a meal fit for the gods while their wives "despise cooking," and, if they must, sling you a couple hard boiled eggs and let it go at that?

"PAID UP" PARTIES
Have you been invited to a "paid up party" yet? They are said to be the very latest. It simply means that when the radio or piano or house or auto or lot of living room set or diamond ring is paid for, the happy host and hostess "throw a party."

One finds our modern lack of pride on the subject of money rather a refreshing contrast to the "four-flush era" when people would as soon take prussic acid as admit with the blithe casualness of today that they were "broke."

The question of installment buying is something else again. It does seem nice, though, for people to have things as they once didn't!

WOMEN SMARTER?
For women only! Cooks are smarter than men students. At least they get better grades, as a recent survey of several colleges showed. The men doubtless will try to laugh that off by opining that "anybody can get grades who wants 'em and spends all his time being a grind!" Which is perfectly okay, for after all the will to study and the submission to discipline are just as vital qualities as mere smartness and intrinsic ability to get high grades.

MRS. BROWN'S BELT
A Mrs. Brown of London has invented a safety belt with a red light at the back with the wearing of which a pedestrian may be safe from automobile splankings. It's one thing for Mrs. Brown to invent the belt and it's another to get anyone to wear it. Most folks would rather be killed than wear anything so funny unless everybody else did. She'll have to get some deb to set the style.

Remember how they laughed when somebody carried the first umbrella? Probably you don't remember it personally—but you may have "heard tell."

'ALIENATION OF AFFECTIONS'
Alienation of affections suits are coming under as much judicial suspicion as alimony suits. Chief Justice Charles A. O'Neill of the supreme court of Louisiana recently sat in the case of a man who sued another man for alienation of his wife's affections. He lost his suit and the judge said:

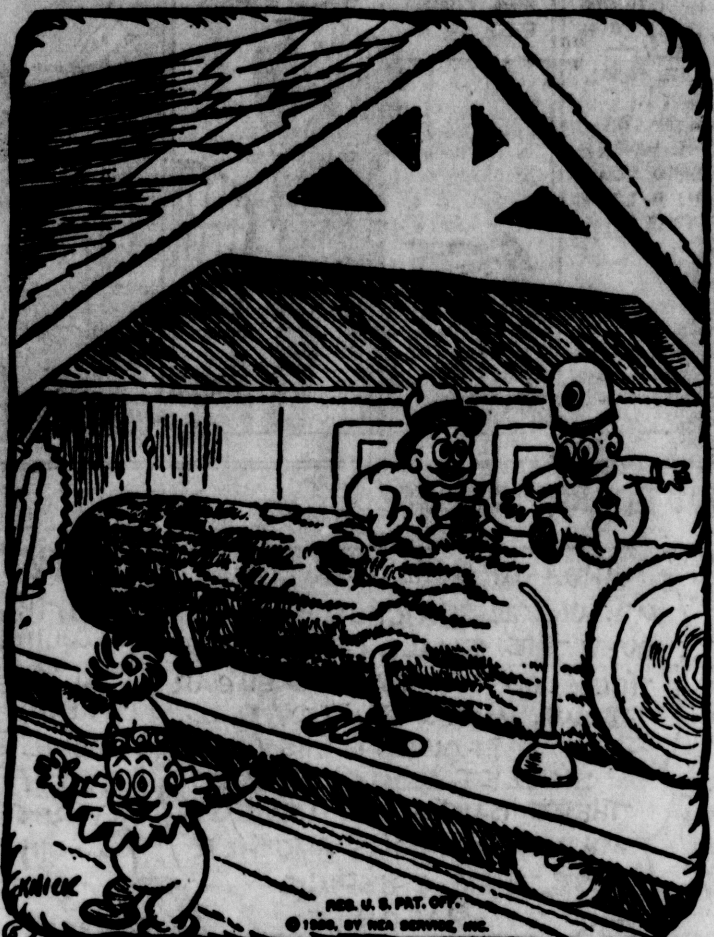

"A law that would allow the husband compensation in money for such a wrong would be revolting to the majority of men, and might tend more to encourage blackmail than to protect the home. At common law the right of action for damages in alienation of a wife's affections is based partly on the obsolete idea that the wife is one of the husband's chattels. But in Louisiana the wife now has every prerogative possessed by the husband. It would be absurd, therefore, to give the husband the right of action for damages for alienation of the wife's affections on the theory that she is his inferior."

Absolutely and positively right, judge!

STORY & ILL. COOKMAN—PICTURES & MUSIC

The donkey pulled the log along, with a place for logs to slide. Right Said Scouty, "My, but he is strong. I wish we had a donkey just like that, that we could keep. Upon his back we'd all be curled, and we would ride him 'round the world." Just then the little donkey reached a hillside, very steep.

"Oh, my," yelled Scouty, "I'll just bet that to the top he'll never get. Perhaps we'll have to help him up, by pushing from behind." The woodsman laughed and said, "Oh, no! Just watch him, now, and up he'll go. A lot of hills 'round here are steep. He never seems to mind." And, sure enough, the donkey went right up the hill. His breath was spent and he began to puff a bit. The woodsman gave him cheer. "Cheer there, donkey. Don't you care. A real short haul and we'll be there." And, in a very short time, he cried out, "At last we're here!"

The lumber mill was just a shack, with boards upon the sides and back. The entrance way was open.

BREAKFAST—Wineapple apples, cereal cooked with dates, cream, fried cornmeal mush, syrup, milk, coffee.

LUNCHEON—Asparagus omelet, cream and mint sandwiches, caramel cookies, milk, tea.

DINNER—Roast veal, creamed macaroni, green beans with onions, tomato and lettuce salad, orange Spanish cream, milk, coffee.

An asparagus omelet makes a delightful one-piece dish for luncheon or breakfast. Several fine stalks of asparagus are saved for garnishing, but the rest is cut in inch lengths and added to a cream sauce. Half of this is folded in the cooked omelet and the rest poured around the confection. The cooked stalks are then placed on top of the omelet and the whole served piping hot.

Green Beans With Onions
One pound green beans, 3 medium sized onions, 4 tablespoons butter, 2 tablespoons lemon juice, 1 teaspoon celery seeds, salt and pepper, 4 tablespoons stock or gravy.

"Top and tail" beans and cut in diamond shaped pieces. Cook in boiling water to barely cover until tender. Drain if necessary and add lemon juice, salt, pepper and celery seed and 2 tablespoons butter. Peel and mince onions. Melt remaining butter and add prepared onions and stock or gravy. Simmer until tender and add prepared beans. Make very hot and serve.

YOST SPURGEON THEATRE

The reckless abandon with which the fast-crazed youth of today fling themselves into the mad chase after the illusive "good time" is vividly depicted in "The Road To Ruin," which opens at the Yost Spurgeon theatre here tonight.

Jazz, and gin, sex and sensuality, cars parked on shady lanes, sporty roadhouses, wild strip poker parties, are among the highlights of this most unusual picture, which graphically illustrates the terrible results of parental neglect and ignorance in the handling of modern youth.

WEST END THEATRE

There was shown here for the first time yesterday at the West End theatre, "Streets of Shanghai," a story which dramatically portrays an exciting incident in the mysterious city of Shanghai involving a pretty American girl and a marine. The story runs in an unbroken continuity and sustains the interest throughout.

YOST BROADWAY THEATRE

Startlingly different photography from any picture ever to reach the screen, "Skyscraper," William Boyd's current starring vehicle at the Yost Broadway, is as unique in plot and characterization as it is in technical treatment. Practically the entire picture was filmed on the narrow girders of a half-completed office building, providing opportunities for

extremely unusual shots. Director Howard Higgin used extensively the "bird's-eye view" and so-called "worm's-eye view" in transferring to celluloid Dudley Murphy's absorbing story of the building of a gigantic steel structure.

WEST COAST-WALKER

King Vidor has scored again! The man who made "The Big Parade" last year has made a "big parade of peace times" in "The Crowd," now playing at the West Coast-Walker theatre.

The grim horrors of war which formed the background of "The Big Parade" are lacking in "The Crowd," but there is a background of everyday struggle for very existence that is not as spectacular as war but every bit as interesting.
